Contents of Volume 40

Number 1

1 Relationship of Physically Separable Lean with Chemical Lean in Pig Carcasses
E. NAGY, L. KÖRMENDY, I. ÉLIÁS, J. CZEGLÉDI-JANKÓ & E. ZUKÁL (Hungary)

13 The Estimation of Beef Carcass Muscle Using Cross-sectional Area of *M. longissimus dorsi* at the Fifth Rib
E. R. JOHNSON, D. G. TAYLOR (Australia) & R. PRIYANTO (Indonesia)

21 Sex and Crossbreed Effects on the Characteristics of Dry-cured Ham
P. GOU, L. GUERRERO & J. ARNAU (Spain)

33 Atmosphere and Blooming Time Affect Color and Lipid Stability of Frozen Beef from Steers Supplemented with Vitamin E
M. C. LANARI, D. M. SCHAEFER, R. G. CASSENS & K. K. SCHELLER (USA)

45 Partial Replacement of Sodium Chloride with Potassium Chloride in Dry Fermented Sausages: Influence on Carbohydrate Fermentation and the Nitrosation Process
C. IBAÑEZ, L. QUINTANILLA, A. IRIGOYEN, I. GARCIA-JALÓN, C. CID, I. ASTIASARÁN & J. BELLO (Spain)

55 Dry Fermented Sausages Elaborated with Lipase from *Candida cylindracea*. Comparison with Traditional Formulations
I. ZALACAIN, M. J. ZAPELENA, I. ASTIASARÁN & J. BELLO (Spain)

63 The Measurement of Meat Pigments by Fibre-optic Reflectance Spectrophotometry Using the Kubelka–Munk Equation
M. OSAWA (Japan)

79 The Influence of Controlled Atmosphere and Vacuum Packaging upon Chilled Pork Keeping Quality
L. E. JEREMIAH, L. L. GIBSON & G. C. ARGNOSA (Canada)

93 Lipid and Cholesterol Oxidation in Chinese-style Sausage Using Vacuum and Modified Atmosphere Packaging
F.-S. WANG, Y.-N. JIANG & C.-W. LIN (Taiwan)

103 Quality of Beef from Commercial Fattening Systems in Northern Germany
H. GERHARDY (Germany)

121 Muscle Glycogen Level and Meat Quality in Pigs of Different Halothane Genotypes
M. KOCWIN-PODSIADLA, W. PRZYBYLSKI, J. KURYL (Poland), A. TALMANT & G. MONIN (France)

Number 2

127 The Effect of Cooking Conditions on the Eating Quality of Pork
J. D. WOOD, G. R. NUTE, G. A. J. FURSEY & A. CUTHBERTSON (UK)

137 The Effect of Electrical Head-only Stun Duration on Electroencephalographic-measured Seizure and Brain Amino Acid Neurotransmitter Release
C. J. COOK, C. E. DEVINE, K. V. GILBERT, D. D. SMITH & S. A. MAASLAND (New Zealand)

149 Influence of Temperature Variation on the Metabolism of Pig Muscle *in situ* and After Excision
G. MONIN (France), E. LAMBOOY & R. KLONT (The Netherlands)

159 Effect of the Addition of Pancreatic Lipase on the Ripening of Dry-fermented Sausages—Part 1. Microbial, Physico-chemical and Lipolytic Changes
M. FERNÁNDEZ, L. DE LA HOZ, O. DÍAZ, M. I. CAMBERO & J. A. ORDÓÑEZ (Spain)

171 Tenderisation of Pork as Affected by Degree of Cold-induced Shortening
P. IVERSEN, P. HENCKEL, L. M. LARSEN, S. MONLLAO & A. J. MØLLER (Denmark)

183 Predictive Value of Slaughterhouse Measurements of Ultimate Pork Quality in Seven Halothane Negative Yorkshire Populations
P. G. VAN DER WAL, A. G. DE VRIES & G. EIKELENBOOM (The Netherlands)

193 Chilling Pig Carcasses: Effects on Temperature, Weight Loss and Ultimate Meat Quality
P. G. VAN DER WAL, B. ENGEL, G. VAN BEEK & C. H. VEERKAMP (The Netherlands)

203 Differentiation Between Fresh and Thawed Meat by an Enzyme Profile Test
L. I. ELLERBROEK, G. LICHTENBERG & E. WEISE (Germany)

211 Distribution of Intramuscular Lipid Throughout *M. longissimus thoracis et lumborum* in Japanese Black, Japanese Shorthorn, Holstein and Japanese Black Crossbreds
M. ZEMBAYASHI (Japan) & D. K. LUNT (USA)

217 Structural and Mechanical Changes in Raw and Cooked Single Porcine Muscle Fibres Extended to Fracture
G. MUTUNGI, P. PURSLOW & C. WARKUP (UK)

235 Influence of Storage Time on Parameters of Colour Stability of Beef
F. FELDHUSEN, A. WARNATZ, R. ERDMANN & S. WENZEL (Germany)

245 Influence on Meat Colour of Spray-chilling the Surface of Pig Carcasses
F. FELDHUSEN, T. KIRSCHNER, R. KOCH, W. GIESE & S. WENZEL (Germany)

253 The Relationship Between Carcass, Meat and Eating Quality of Three Pig Genotypes
M. CASTEELS, M. J. VAN OECKEL, L. BOSCHAERTS, G. SPINCEMAILLE & CH. V. BOUCQUÉ (Belgium)

271 The Effect of Transport on Some Metabolic Parameters and Meat Quality in Pigs
L. MARTOCCIA, G. BRAMBILLA, A. MACRÌ, G. MOCCIA & E. COSENTINO (Italy)

279 Formation of Oxo- and Hydroxyfatty Acids in Irradiated Chickens
L. LAKRITZ & D. P. SCHWARTZ (USA)

287 Notice

Number 3

289 Investigation of Methods to Detect Mechanically Recovered Meat in Meat Products—I: Chemical Composition
A. R. CROSLAND, R. L. S. PATTERSON, R. C. HIGMAN, C. A. STEWART & K. D. HARGIN (UK)

303 Investigation of Methods to Detect Mechanically Recovered Meat in Meat Products—II: Gel Electrophoresis
A. W. J. SAVAGE, R. I. RICHARDSON, P. D. JOLLEY, K. D. HARGIN & C. A. STEWART (UK)

319 Investigation of Methods to Detect Mechanically Recovered Meat in Meat Products—III: Microscopy
K. PICKERING, C. L. EVANS, K. D. HARGIN & C. A. STEWART (UK)

327 Investigation of Methods to Detect Mechanically Recovered Meat in Meat Products—IV: Immunology
K. PICKERING, M. GRIFFIN, P. SMETHURST, K. D. HARGIN & C. A. STEWART (UK)

337 Effects of Dietary Clenbuterol and Salbutamol on Meat Quality in Veal Calves
G. J. GARSSEN, G. H. GEESINK, A. H. HOVING-BOLINK & J. C. VERPLANKE (The Netherlands)

351 Effect of the Addition of Pancreatic Lipase on the Ripening of Dry-fermented Sausages—Part 2. Free Fatty Acids, Short-chain Fatty Acids, Carbonyls and Sensory Quality
M. FERNÁNDEZ, L. DE LA HOZ, O. DÍAZ, M. I. CAMBERO & J. A. ORDÓÑEZ (Spain)

363 Sensory Evaluation of Beef Patties and Sausages Containing Lipids with Various Component Fatty Acids
K. SHIOTA, S. KAWAHARA, A. TAJIMA, T. OGATA, T. KAWANO & T. ITO (Japan)

373 Variability Within Intramuscular Fat Content of Pigs as Measured by Gravimetry, FTIR and NMR Spectroscopy
R. GEERS, C. DECANNIERE, H. VILLÉ, P. VAN HECKE & L. BOSSCHAERTS (Belgium)

379 Microbial and Chemical Changes in 'Sobrasada' During Ripening
C. ROSSELLÓ, J. I. BARBAS, A. BERNA & N. LÓPEZ (Spain)

387 Biochemical Changes in an Intermediate Moisture Cecina-like Meat During Storage
R. REYES-CANO, L. DORANTES-ALVAREZ, H. HERNANDEZ-SANCHEZ & G. F. GUTIERREZ-LOPEZ (Mexico)

397 Inoculation of Lactic Acid Bacteria on Meat Surfaces as a Means of Decontamination in Semitropical Conditions
I. GUERRERO, R. MENDIOLEA, E. PONCE & A. PRADO (Mexico)

413 Relationship Between the Translocation of Paratropomyosin and the Restoration of Rigor-shortened Sarcomeres During Post-mortem Ageing of Meat—A Molecular Mechanism of Meat Tenderization
K. TAKAHASHI, A. HATTORI & H. KUROYANAGI (Japan)
